Click "About" button  the below window will pop up instantly:

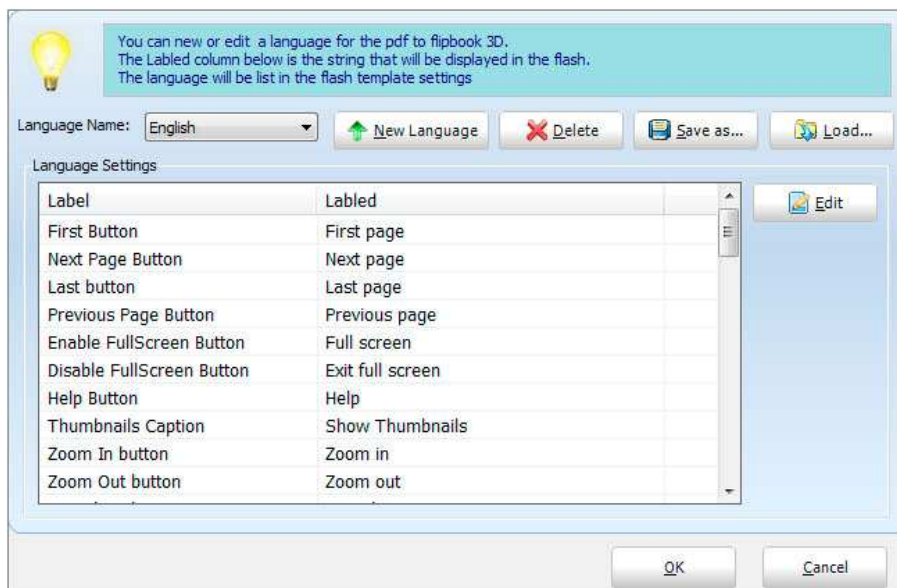

6. Language Part

If you want to use another display language for your 3D flipbook, you can click "Flash

Language" to enter into the Language Settings interface as below shows:

As the tips explaining, the "Labeled" column lists the buttons and instructions on Flash books in defined language, and the program provides you two different languages for you to use: English and Chinese.

You can also add other language for your own uses:

1. Click the button  and define name for the new language:

The "New Language" dialog box has a title bar "New Language". It contains a text field for "Name:" with the value "French". Below it is a dropdown menu for "Copy From:" with the value "English". At the bottom are "OK" and "Cancel" buttons.

Click "OK" to save the new language in the list;

2. Choose the first label and click "Edit" button , define new language text in "Labeled" box, then click "Save And Edit Next" (Alt+S):

The "Edit Language String" dialog box has a title bar "Edit Language String". It contains a "Label:" field with the value "First Button" and a "Labeled:" text field with the value "Première page". At the bottom are "Save And Edit Next", "OK", and "Cancel" buttons.

3. At last, you can get all Labels translated into your new language.

You can delete unwanted language:

Or save your edited new language file as XML or TXT file:

Load language file saving before for current using:

At last, click  icon to apply the settings.

III. Page Layout Panel

The "Page Layout Panel" contains several sections: "Logo Settings" with fields for "Link:" (http://3dpageflip.com) and "Logo File:" (log.png); "Tool Bar" with "Base Color:" and "Tilt Angle:" (25); "Background Config" with "Image" selected, "Image File:" (E:\Useful Documents\Image), and "Position:" (Fill); "Sound" with "Sound File:" and "Loops:" (Yes); and an "Apply" button.

1. Logo Settings

Check "Show Logo" option to display your logo on the left side of the tool bar (165*35 is the recommended size of your logo image), you can also add link to the logo for viewers to click and go to your website directly:

2. Tool Bar

You can define the "Base Color" for the tool bar.

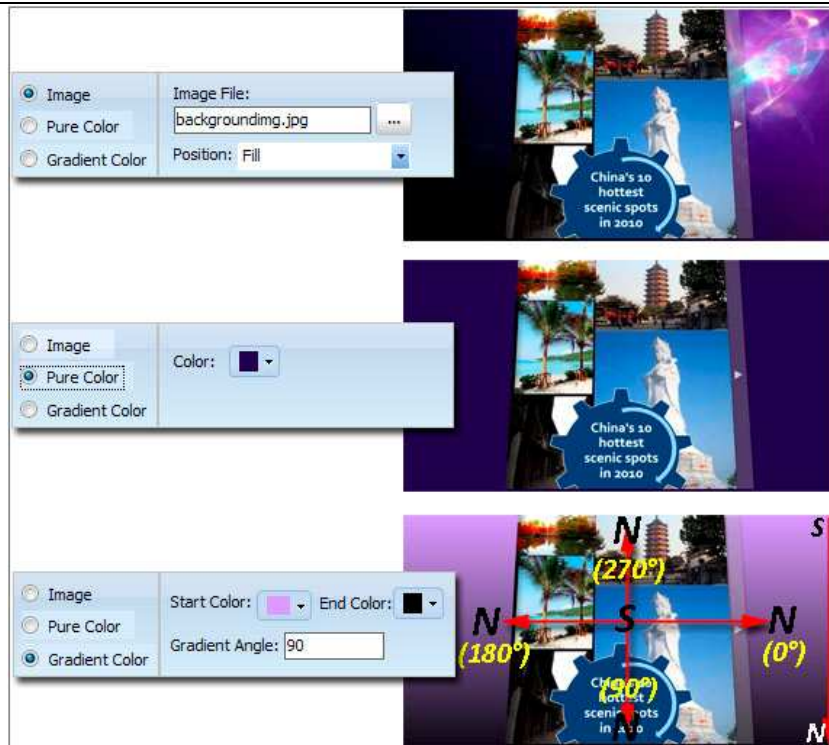

3. Tilt Angle

You can define default tilt angle for your created digital book, the value you can set to is number between 0 and 90. The readers can change tilt angle manually too by clicking the

"Tilt Angle" icon  or just wheel the mouse directly.

4. Background Config

If you don't want to use the background in pre-set templates, you can design your own background with Image or Color directly:

5. Sound Part

If you want to add background sound to your flipbook, such as a song or other audio file, click "..." icon to choose "Sound File" from your computer, then set "Loops" as "Yes" or "No" for playing the sound file all the time while viewing flipbook or just play once.

At last, click **Apply Change** icon to apply the settings.
