4. Convert to 3D Book

Click "Convert to 3D Book" below image shows:

to enter into output window as

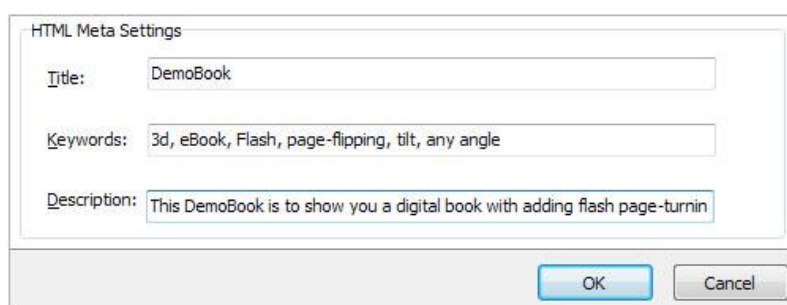

(1). HTML

This output type is for uploading created page-flipping ebook onto websites. You can define HTML Title and other properties by clicking "Advanced" button:

Set Keywords and Description in the below interface:

You can also check option "Also Make Mobile", after uploading all files online (including HTML, SWF, "files" and "mobile" folders), then you can visit the flipbook page through browser on iPad, iPhone and Android devices.

Or check "Also Make Epub" option to output Epub format book with HTML type together (EPUB became an official Professional of the International Digital Publishing Forum in September 2007, comparison of e-book readers contain: Android devices iPad, iPhone, and iPod Touch, Sony Reader).

Or even "Burn to CD" to save or distribute the book:

A dialog box titled "Burn to CD" with a checked checkbox. It contains a dropdown menu for "CD Writer" showing "3:0:0,E: ATAPI DVD D DH16D5SH VA13", a text field for "Disc title:", and a checkbox for "Make it automatically play the slide in CD".

(2). ZIP

This output type is for compressing the created files into an integral ZIP package which can be sending out as attachment directly. You can also define HTML Advanced Settings by clicking "Advanced" icon. Your recipients just need to uncompress the ZIP file and then they can view the HTML DemoBook instantly. You can also build Mobile version, Epub format book or burn to CD as you want.

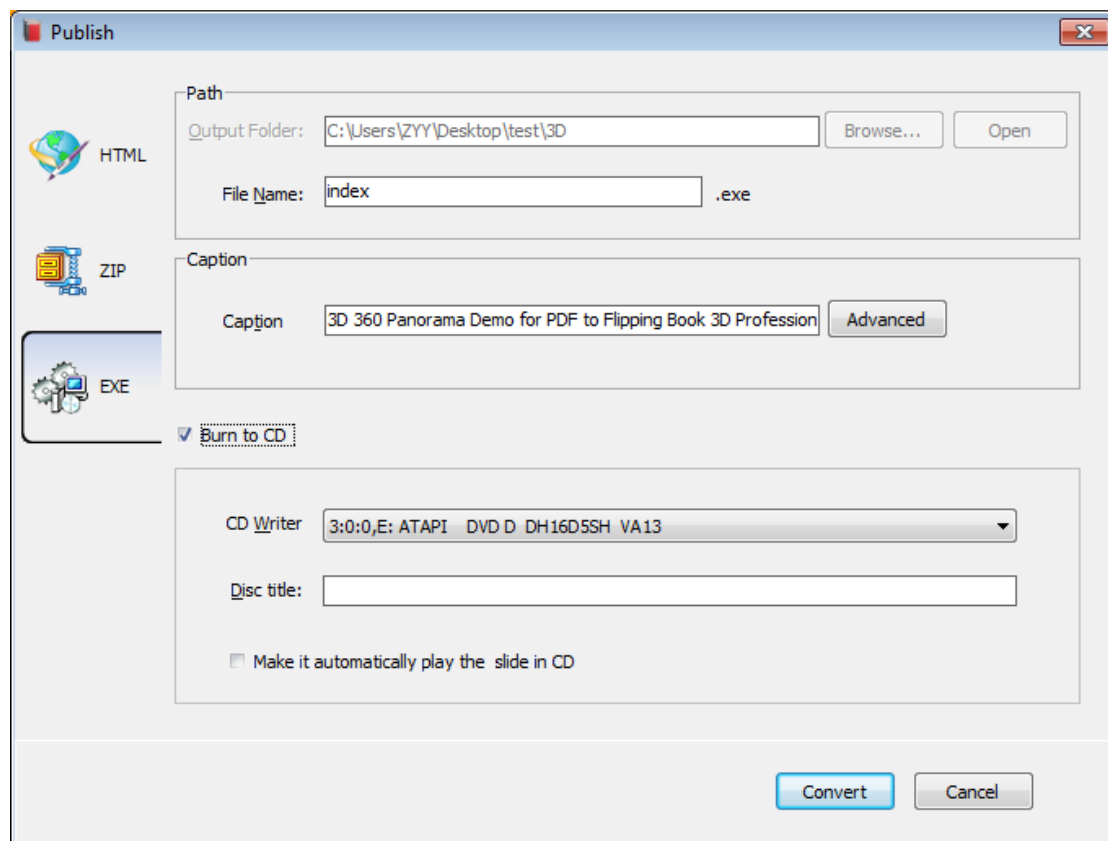

(3). EXE

This type is for outputting 3D flipbook as a single executive file, easy storing and easy viewing, you can also define Icon and Opening Window Size in Advanced Settings:

An "Advanced Setting" dialog box with two sections. The "Exe Window Info" section has a "Caption:" field with the text "3D 360 Panorama Demo for PDF to Flipping Book 3D Professional [flashflipb...", an "Icon:" field with a folder icon, an ellipsis button, and a "Default" button. The "Window Size Option" section has three radio buttons: "Maximized", "Custom Size" (which is selected), and "Full Screen". To the right of the radio buttons are "Width:" and "Height:" fields with values "800" and "600" respectively. At the bottom are "OK" and "Cancel" buttons.

You can also burn the EXE eBook to CD.

After you complete all design and page edit work, click "Convert" to output your completed 3D book in selected format.

5. Batch Convert

(1). Add PDF files
